

# Little Red Riding Hood Snack

## Ingredients

Melon

Cherry tomatoes

Ham

## Equipment

Melon baller

Chopping board

Knife

Cocktail sticks (use only under very close supervision)

## Method

1. Use the melon baller to make 2 melon balls.
2. Put the 2 melon balls together to make a snowman shape and secure in place with a cocktail stick through the top. Model how to safely push the fruit onto the cocktail sticks, without putting their hands behind the fruit where the stick will come through it. Children should be closely supervised for this part of the activity, as the cocktail sticks can be very sharp on both ends.
3. Cut a cherry tomato in half. Place the tomato on the top of the melon snowman to make a hat.
4. Cut the ham into a triangle. Use the ham to make a cape around the back of the melon and tomato figure. Secure the ham in place using a second cocktail stick through the top of the lower melon ball.
