

At home **Learning Resources**

What can you find on our school website?

We have lots of great links and resources on our school website under Remote Learning Resources. There are also oodles of resources which can be downloaded and printed. If you find something great and you don't have a printer, let your teacher know and we can always print it for you and add it to your learning pack for an upcoming delivery.

<http://www.wgldss.vic.edu.au/learning/>

Each week we will be showcasing what you can find on the Remote Learning Resources page. In today's list we have included a link on how you can find the resource on our school website and a link directly to the program.

The Body Coach TV

<http://www.wgldss.vic.edu.au/learning/health-and-physical-education/>

P.E with Jo each day Monday to Friday. A wide range of physical activities available for the students and the whole family.

Behind The News (BTN)

<http://www.wgldss.vic.edu.au/learning/miscellaneous/>

Behind the News (more commonly known as **BTN**) is a long-running news programme broadcast on the ABC made in Adelaide and aimed at school-aged children.

Behind The News (BTN): <https://www.abc.net.au/btn/>

Virtual Tours Around the Universe

Come and join in on a wide range of Virtual Tours around the world and universe. Visit Zoos, Aquariums, the Great Wall of China and lots National Parks just to name a few. Last week one of our Senior students paid a visit to the NASA website and created a ticket to Mars and then joined the Mars Virtual Tour!

We heard it was lots of fun!
