

UPDATE 2ND AUGUST 2020

Good Evening Warragul & District Specialist School Community,
Today Premier Dan Andrews announced that our community will enter in to Stage 3 restrictions from midnight tonight.

This afternoon new restrictions were announced for all Victorians and for all Victorian students. The information we have received so far indicates that: Regional Victoria (Stage 3) - Schools - **Specialist Schools remain open for all students.** This indicates that we will not return to a flexible or remote learning model on Wednesday.

We are trying to ascertain if regional specialist schools are required to have a Pupil Free Day on Tuesday. We expect further clarification regarding the above tomorrow morning and will provide more information to you as we hear it.

Keep well and remember that wearing of a mask is mandatory across the state as of midnight tonight, unless under the age of 12 or an exemption applies.

Take care,

Matt, Alesha and the Leadership team
