Dear Students & Families,

Yesterday Dr Sari from the West Gippsland Paediatrics Group spent the day at our school to run a clinic. During the day Dr Sari was able to see a number of her patients who attend our school. Dr Sari commented that it was great to meet with parents, students and school personnel in the school setting. We are very lucky to have Dr Sari and Dr Charlie regularly visit our school to see their patients here.

The Sailability Program started last Friday. Therapy Staff, Zoe and Nicole from Room 16 took a number of students to Hazelwood Pondage to take part in the program. Students sail in small specially designed boats with an adult. A number of experienced students sail independently under the supervision of trained volunteers. It’s a wonderful program with all involved getting a lot out of it. Special thanks to Bruce and the volunteers that run the program.

During this this term we will welcome a number of new students into our school. Your child might mention the name of a new transitioning student. Many of the transitioning students will start with us full time next year. If you meet one of our transitioning students or their families please take the opportunity to welcome them into our school.

Matt

Spring is such a fantastic time to be out, the birds are singing and nothing beats the smell of fresh mown grass!

The park is one of our favourite places to visit, everyone loves the walk and the community are fabulous as they chat to us as we walk along the tracks. All the students love the swings and always have a smile when it is their turn.
Our intrepid sailors set off for their first day of sailing on Friday. It was a glorious day and the students had a marvellous time. A BIG Thank you to Bruce and his amazing band of volunteers who make this wonderful program possible!
We have some very exciting news!

Our Parents & Friends Association is planning a Garage Sale Bonanza to be held on Saturday 26th November! They also hope to have other activities such as a sausage sizzle, car wash etc.

It promises to be a great day with some great bargains to be found!

We are seeking donations of any items you no longer want / need that are suitable to sell - including clothes, books, toys, household items, furniture, games etc.

HELP NEEDED!

If you are able to help out in anyway on the day or with planning prior (brilliant ideas for activities perhaps!), your assistance would be greatly appreciated - our PFA group is a very small one and any extra hands will help to ensure the day runs smoothly.

Concerts @
11am & 1pm

170 Tolley Road
Ripplebrook

A well established country garden in the English Style. Enjoy a charming meander amongst aged oaks, roses old and new, lawns and hedges. Individual areas including kitchen and pickling gardens, formal rose garden and borders. Watch the sheep in the arboretum which borders the garden proper, and look over tree tops to the distant mountains beyond.
