Warragul & District Specialist School Newsletter

Term 4 Issue 28, Tuesday 22nd October 2019

Dear Students & Families,

Last week's camp to Licola was an outstanding success. Many middle school students and staff made the trip to Licola for a 3 day camp last week. Despite some cold weather, students and staff had a magnificent time participating in camp life. Many of the students challenged themselves and participated in the full range of activities on offer. Activities included: the flying fox, giant swing, canoeing, archery, ropes course and the obstacle course. Once again the staff at Licola were fantastic and ensured that our students and staff had a fantastic time. Thank you to everyone who contributed to making some great memories.

Despite the current topsy-turvy weather, 4th term is usually a hot term with plenty of spring and summer sunshine. Our school is a Sun Smart school and students and staff are required to follow sun smart practises. Please ensure that your child has a hat to wear during outside times. Each classroom has sunscreen available and staff will assist students to apply it. If you would like your child to use an alternative sunscreen please provide some to your child's teacher.

ROOM 4

This week Room 4 have continued learning about "people who help us". We were lucky enough to have a visit from Cameron, who is a paramedic. Cameron brought us some uniforms so that we could be paramedics too! He also brought his ambulance and we had lots of fun using all of the equipment, pressing the buttons and having a ride in the stretcher. We did not want Cameron to leave. Big thanks to Cameron for coming out and visiting us, we learnt a lot about people who can help us!
