Your child may have come home the past few Wednesdays’ excitedly talking about Bluearth and all the fun they are having. The program has started successfully with staff and students enjoying themselves as they have completed a range of physical activities which promote social and emotional wellbeing as well as physical health. The Bluearth program runs every week and we also have Sarah who is our Bluearth instructor, who joins us every fortnight and is also training our staff to teach the program in the future.

Some families may have already been approached to attend a Student Support Group Meeting (SSG). Over the course of Term 1 all families will be contacted to have an SSG with your child’s classroom teacher. These are important meetings where you and your child’s teacher plan educational goals for the year. When thinking about your child’s goals please also consider what you would like them to be able to do in adulthood and what they need to learn next to achieve this.

Students from Room 8 had a fantastic time last week on camp. They went to Phillip Island for a 3-day camp. Students did a variety of activities and visited lots of different places such as the Koala Sanctuary, the Penguin Parade, the Churchill Island Farm and the Nobbies. They all returned to school tired, but with smiles on their faces.

Alesha
Rooms 18 & 19 entertained everyone at assembly last week by singing an awesome Rap about their weekly activities! It was a wonderful performance - well done to everyone!

18 and 19 are the best in the school!
We work really hard and that’s really cool!

Monday: we do literacy, go shopping, then we do maths.
