Dear Students & Families,

Last Friday two middle school classes made the journey to Newborough to participate in the annual Friendship games. The Friendship games are a soccer tournament especially for special school students. Whilst many of the competitors came from Gippsland, other teams came from as far away as Wangaratta. Our two teams did extremely well with many students producing outstanding performances. Well done to everyone who participated and made the day a success.

Last Wednesday, Rooms 16 and 17 from the senior school caught the train to Melbourne. They had a great day exploring the Melbourne Museum, with students all finding something that captured their interest. Their Melbourne experience continued with a walk around Chinatown and Melbourne Central. The students were able to successfully practise many of their independent living skills in this stimulating environment. All the students had a great time and thoroughly enjoyed themselves.

Art with William and Kelsey

William started attending our school this year and he has quickly adapted to his programs. Part of his sensory program includes art and here he is actively involved.

Art is an important part of the sensory program that engages all the students. Kelsey is the most active participant in our room and anything that allows her to get ‘grubby and dirty’ quickly becomes her favourite activity.

On Wednesday students from Rooms 16 and 17 caught the train into the city and had a GREAT day out! They visited Chinatown and had some delicious dumplings for lunch. After lunch everyone walked up to the Melbourne Museum and spent a great afternoon exploring - one of the students was even heard to exclaim that ‘it was the best day of his entire life!’.

All of the Staff were so impressed with the behaviour and attitude’s shown by the students - showing gracious manners to both their fellow students and members of the public -
